Authorized to work in the US for any employer

Work experience

Camp Counselor

YMCA | Charlotte, NC

October 2022 to February 2023

Monitored and actively engaged with kids of various ages as a counselor. Pursued homework time and fun and games to keep them engaged and excited to return the next day. Resolved any incidents relating to conflict or first aid politely and safely. Actively founded conversations with other co-workers to make sure communication wasn't an issue between us. Received positive feedback and built great connections with many of the kids and co-workers. Left to pursue other opportunities and widen my skills.

Waterslide Operator

YMCA | Charlotte, NC

July 2022 to August 2022

Monitored the pool's waterslides to ensure kids and adults of all ages went down the slides safely. Engaged with visitors and camp kids to make sure their questions were answered and to show a vibrant and colorful personality, making sure the kids felt safe and excited to slide. I ended this job because summer ended and it closes for the fall season.

Retail Consultant and Printer

Big Frog Custom T-Shirts and More | Charlotte, NC

September 2020 to October 2021

Fulfilled print job orders and gave full attention to customers as they walked in the door to fulfill their requests for art to be printed on garments of their choosing. Handled Customer requests for pickups as they returned and handled phone calls simultaneously, making sure all customers got the time they required. Resolved customer issues with improper printing by giving compensation that would not hurt the customer's wallet or time. Made sure to stay later if needed to satisfy a customer's order, finalize the art, or finish a near completed print order. I ended this job as my first year back from online school came and I needed to put more effort into school.
